Machine Learning and AI

- Methods and Algorithms -

Personnal Notes

François Bouvier d'Yvoire

CentraleSupélec & Imperial College

Contents

1 Common Machine Learning algorithms **3**
1.1 Linear Regression 3
1.1.1 Maximum Likelihood Estimation 3

Todo list

Add bibtex reference 3

Chapter 1

Common Machine Learning algorithms

This chapter is dedicated to the most common ML algorithms, a major part of the notes come from the mml-books.com Add bibtex reference

1.1 Linear Regression

1.1.1 Maximum Likelihood Estimation

Closed-Form Solution

Problem to Solve

Algorithm

Properties

Use Cases

Appendix A name

Here is the first appendix
